

Stuston Granary

July 2007

To whom it may concern

Andrew Bolton

Andrew was employed as a Quality Management Consultant with Midwich Limited whilst I was Managing Director there and subsequent to my retirement.

I am pleased to be able to confirm that Andrew is a highly conscientious individual with a very positive work ethic, great integrity and thoroughness. He appraised, improved and maintained Midwich's quality system to an extremely high level.

During his assignment, Andrew was also involved with Midwich's Business Continuity Systems, advising, reviewing and auditing the plans, policies and documentation needed.

I would have every confidence that any potential employer will find Andrew a valuable and trustworthy asset to his organisation.

Yours faithfully

Nick Pye
